

## Brazilian Gold Mine Mystery by Andy Adams

Read by Peter Thomlinson. Total running time: 04:09:39

This very exciting and gripping mystery adventure story by Andy Adams is set in the jungles of Brazil and Venezuela. Incidents with dangerous wild animals, encounters with head hunters and other native tribes, and some black magic hocus-pocus all add to the suspense. Double dealing and threats as well as actual confrontations all make life difficult for our brave heroes, and often cause the expedition problems that slow down the quest for the famous El Dorado gold. This book also provides a good geography lesson; readers will learn about the rivers that flow through these countries, including the huge Amazon River.
